Confirmation Interview

You do not need written answers to these questions but think about them.

What name did you choose for your Confirmation name?

Tell me about the Saint you chose and how have they have influenced your life?
Is it your Confirmation name? If not, why not?

Who is Jesus to you?

What do you think God's plan is for your life? How are you approaching that plan/goal?

How do you feel about being an adult Catholic Christian?

Do you any questions regarding your decision?

Do you, at this time, plan to be Confirmed?

Do you *sincerely* desire the Sacrament?

Describe your Personal Faith Consciousness (a "maturing" faith, with a personal prayer life, an awareness of God in your life, a maturing relationship with Jesus). This was the focus of your personal belief project. What does it mean to you and what did you learn about yourself?

We have presented service as a way you live your life. What was your service project and how did it impact your life as a maturing Catholic Christian? In what ways have you served the community, your school, and your church?

How did you like the Decision Point text/videos? Did it help you understand basic Catholic doctrine? What changes has it brought about? How does Catholic teaching fit decisions you make?

Do you possess a Communal Faith Consciousness? (How do you participate in our faith community, including Sunday Eucharist)

How/Where do you wish to serve our faith community after Confirmation?

If you could, how would you change the Confirmation Curriculum?
